### Communication:

On June 23<sup>th</sup> the Board of Trustees of the Kenora Catholic District School Board approved a balanced operating budget for the 2010-11 school year, a set of recommendations related to its Five-Year Capital Plan and a demonstrated commitment to ongoing and sustained academic excellence across the Board. In so doing, the Board of Trustees has established a high level of system financial stability, coupled with effectively managed system growth and a continued commitment to the provision of high quality Catholic education to the children entrusted to the care of the Board.

The Board is proud of its accomplishments to date and credits the efforts of all staff in giving form to its vision of the future.

The Strategic Plan of the Board helps ensure effective Board governance and administration, fiscal responsibility in times of economic uncertainty, high levels of student achievement, and above all, quality Catholic education.

The Kenora Catholic District School Board has set a course for the future built upon a strong foundation of financial and program stability. Accordingly, the Board will not be engaging in any amalgamation of schools either from within its own jurisdiction or with the Keewatin-Patricia District School Board.
