Community Recreation and Use Agreement

Schedule F

Letter of Acknowledgement

The intent of the Community Use of Schools Program, funded by the Ministry of Health Promotion is to encourage an increased use of community schools by not-for-profit groups at reduced rates. As a result of signing a Community Recreation and Use Agreement with the Ministry for the 2009 - 2010 year, the Kenora Catholic District School Board will be continuing to offer school space at reduced rates to not-for-profit community groups.

Please complete this form in order to complete your facility permit for 2009 - 2010.

Our organization acknowledges and agrees that the reduced rates to book school facilities will result in reduced program costs, or other direct benefits to our participants for the year of 2009 - 2010.
